The Chief Operating Officer – Alameda Point stated that LBNL members visited the site and were given a guided tour and presentation. LBNL and consultants are currently reviewing site submittals. In Sept/Oct staff will compile one final response. LBNL stated that they will review final submittals and make a recommendation to the UC Regents in

November. Regarding the larger redevelopment of Alameda Point, there are ongoing negotiations with the Navy re: conveyance of property, continuing conversation with State Lands re: Tidelands Trust Exchange. The Chief Operating Officer – Alameda Point will come back to the ARRA with updates in the next couple of months.

Member deHaan asked to confirm the LBNL timeline. The Chief Operating Officer – Alameda Point explained that the UC Regents meets every two months, if the timeline were to slip, or if they were not ready to make a selection in November, the issue will slip to the next meeting in January.

The City Manager informed the Board that staff has informally heard that the selection may indeed slip to January, but reassured the Board that staff is completely ready and has not asked for any extension as others have.
