NEW BUSINESS

A. Library Building Team (M. Hartigan)

Mike Hartigan reported that the library project is 27% complete and on budget. Board member Schoenrock asked how the art was approved for the new building. Library Director Hardie explained that when the Public Art Committee was not yet a Commission it had approved five pieces of art for the new main library. The five art pieces then had to be approved by the Parks & Recreation Commission. The Commission only approved four pieces and rejected the fifth piece. Since the Art Committee is now the Art Commission it is no longer required to get Parks & Recreation to approve public art. Therefore, the fifth previously unapproved piece of art is now being grandfathered in.

Vice President Belikove asked about the glass panels on the staircase of the new building. Ms. Hardie explained that there would be clear glass beneath the railing. Stained glass will not be used on the staircase but there will be stained glass opportunities in other areas of the library.

B. Alameda Free Library Foundation (R. Belikove)

Vice President Belikove reported that the Library Foundation was still getting organized after a change in administration. They continue to receive training in fundraising. Lois Hanna has donated \$10,000 to the Foundation. President Krongold asked if the cruise is still being considered as a fundraiser. Vice President Belikove stated that the cruise has been cancelled.

C. Friends of the Alameda Free Library (M. Skeen)

Molly Skeen announced that a volunteer with professional experience will be developing a new website for the Friends of the Library. The next booksale will be 10/21, 10/22 and 10/23 at the "O" Club. The Friends will not meet in August.

D. Library Building Watch (L. Krongold)

President Krongold stated that the next newsletter will be issued on 8/17.

E. Patron suggestions/comments (Speak-Outs) and Library Director's response.

Library Director Hardie read 3 input/feedback forms regarding: patron complaint regarding the rest room facilities not being updated; patron thanking staff for purchasing so many large print books; and, patron asking why there are no new titles on the shelves.

Board members Schoenrock and Butter stated that they would attend if their schedules permitted it.

Ms. Hardie explained that Joe Ford had been contracted to analyze the impacts of the new and increased technology and equipment in the new building. Board member Mitchell asked if the equipment was paid for. Ms. Hardie answered in the affirmative.

Board member Butter asked about RFID technology and any related issues that may come up with its implementation. Ms. Hardie responded that RFID is a necessary step in continuing Library inventory and security. The system currently in place is outdated. She also stated that the Request for Proposal for RFID should be ready to go out in October and that the process would be very similar to the process for the ILS system.
